

ADVANTAGE

Nutri-Rific applies learner-centered approaches that include (a) active learning, (b) learner engagement, (c) collaboration, and (d) problem-based learning to aid learners in knowledge construction. We incorporate blended learning strategies comprised of both face-to-face and online.

We provide training options nationwide. Learn *Face-to-Face* or *Online*. With online options you're in control of when and where you learn.

- **Online** (Nationwide)
- **Live** (varies State to State)
- **Groups/Onsite** (Nationwide)

MISSION

Nutri-Rific is the provider and promoter of food safety training and examination services at competitive pricing. We strive to achieve this aim by providing tailored services designed for the adult practitioner. We will be mindful of the well-being and empowerment of our clientele and staff while treating everyone with dignity and respect.

We are committed to **Engage**, **Empower**, and **Impact** hospitality stakeholders.

- Engagement: Active learning, participation, and service in scholar and practitioner activity
- Empowerment: Stimulating purpose and ownership with clientele, suppliers, staff, government, and community members
- Impact: Seeking positive and practical results derived through data and using data as a foundation for decision making

ABOUT US

Nutri-Rific offers training and examinations that are accredited through the American National Standards Institute – Conference for Food Protection (ANSI-CFP). Program certificates issued receive national reciprocity.
